What to bring (cont):

- j) Folding chair (optional)

Where to come:

See below. It is always a good idea to check with me the week of the class to see if there have been any changes.

The process:

To obtain my signature certifying that you passed the CWP class, you must pass the PQC and the 50 question written exam (w/ a minimum score of 70% on each), plus *satisfy me that you're a safe gun handler*. Admittedly, this last requirement is subjective. Just understand that, if for any reason the instructors feel you should not have a CWP, we reserve the right to withhold certification.

We will train on the drawstroke and marksmanship fundamentals prior to shooting the PQC. We will cover all the material thoroughly prior to taking the written exam. If there are reading issues, we can work around them. Our failure rate is very low, due to good instruction and hard work on the part of our students. Paladin Training is not a certificate mill. You will earn your CWP honestly with us and can display the Paladin decal on your car with pride.

Once you send in your application packet, you can expect up to a 90 day wait for SLED to either send your CWP or advise you of a denial. The permit is good for 5 years. There is currently no recertification or re-test required to renew it; you simply submit a renewal application, a copy of your SCDL and SC CWP and \$50 to SLED.

SLED's website has more information on the program and process here: www.sled.sc.gov/cwp
